Subject: Line Extension Schedule of Charges		Policy No: 4-12B
Original Issue:	Last Revised: 3/25/2025	Last Reviewed:3/25/2025 Page 1 of 2

I. OBJECTIVE:

To set forth the costs which McLeod Cooperative Power Association (MCPA) will charge to consumers, developers, or other responsible parties for contribution-in-aid of construction or reconstruction of MCPA electrical distribution facilities, under the terms and conditions set for in MCPA Policy 4-12A.

II. SCOPE:

This policy addresses the costs of construction, replacement, relocation, and other modifications of all line extensions that provide electrical service to consumers in the Cooperative’s service area.

III. CHARGES FOR CONTRIBUTION-IN-AID OF CONSTRUCTION:

A. New Service and Service Reconstruction in Private Right-of-Way for both Underground and Overhead Installations smaller than 300 KVA

1. Single Phase Construction
 - a. Base Fee \$ 500.00
 - b. Unit Charge (underground or overhead line extension) \$ 7.00/ft
 - c. Additional Charges as per Part IV.

2. Three Phase Construction
 - a. Base Fee \$ 2,500.00
 - b. Unit Charge (underground or overhead line extension) \$ 12.00/ft
 - c. Additional Charges as per Part IV

B. New Line and Line Reconstruction in Road Right-of-Way for both Underground and Overhead Installations smaller than 300 KVA

1. Based on Unit Cost Estimates for Primary Line Construction in the Current Construction Work Plan with allowances for distribution system improvement as determined by MCPA.

C. Temporary Service for Construction Sites

1. Where existing transformer is located at site or close enough to supply power at adequate voltage to site \$ 1,000.00

2. All other temporary service installations – Charges will be determined by estimated cost of construction.

D. Platted Residential Developments

1. Primary and secondary lines for residential services as per Part III-A.
2. Primary and secondary lines for other loads as per Part III-A.
3. Standard street lighting installation (per luminaire) \$ 2,500.00

E. Relocation/modification of existing facilities

Based on estimated cost for work to be performed.

IV. OTHER CHARGES

1. Winter Charges (November 1 – April 15) Additional \$6.00/ft
2. Boring public right-of-way – As per contractor quotes at time of work. TBD
3. Permits, Licenses, and Easements – Estimated cost for obtaining. TBD
4. Right-of-Way Clearing – Estimated costs. TBD
5. Other costs related to line extension – Estimated costs. TBD
